Notes and Rests from the Maestro.

Congratulations to Dr. Darren LeBeau!

BATH/RICHFIELD — The Revere Council of PTAs has selected Darren LeBeau to receive its Outstanding District Educator Award and Marianne Grandon as its Helping Hands Award recipient.

LeBeau is a music educator at Revere High School and Bath Elementary School and serves as the director for the fifth-grade band and high school marching, concert and jazz bands. Criteria for this award include making a positive impact on the lives of children, dedication to the mission of the PTA and PTA involvement or support.

Officials stated LeBeau gives band students great opportunities to showcase their musical talents; runs a marching band class of up to 145 students; encourages involvement in musical endeavors outside of the classroom by nominating students for honors band and all-star band events, for solo and ensemble competitions and local youth orchestras and symphonic bands; hosts an annual leadership training; is involved with training and coordination of the student tech department for all high school auditorium events; and supports the Revere Players theater program.

The Helping Hands award is presented annually to a PTA member/volunteer who has worked diligently on behalf of children. Criteria for the award include PTA involvement and support, making a positive impact on the lives of children, participating in activities involving children and being dedicated to the PTA mission and purposes.

Awardees will be recognized at the May 16 Revere Council of PTAs Spring Luncheon at Olesia's Taverne of Richfield.

Best wishes – Marcus Neiman

From Mary Ann (the Librarian):

Attached you will find the list of music to remove from your MCB black folders. This music will be turned into the green folders during the month of March (March 27 deadline date). You may start to separate the music and bring it to rehearsal where it can be placed in the green folders. A few things to keep in mind as you remove music:

- 1) Please keep the music in the order that appears on the removal list. This will make any filing we might be doing easier.
- 2) You may/may not have all this music. If not, do not be concerned as we have music transferred between folders at times and incomplete folders.
- 3) Pull all the parts even if they are copies. Erich and I will handle recycling of copied parts and retain originals. Although most if not all of our library is scanned, we occasionally have missing parts and sometimes a copy is needed. That will be determined by the library staff.
- 4) Please be careful of composer names. We have some titles that have 2 different composers or arrangers (Eg. Esprit de Corps - Sousa and Jaeger)
- 5) Section leaders - if there are unassigned/abandoned folders in your sections, please work on these folders to assure we get this music removed. If you need assistance, please let either Erich or myself know.
- 6) I will be tracking when music is turned in from each assigned/unassigned folder. Again, we would like this completed no later than March 27.

If there are any questions, please feel free to contact me (maneiman@zoominternet.net) or Erich (ballparkstandar@hotmail.com). Thank you.
